Sprint 2 Report, ParkMe, ParkMe Team, 2/10/23

Actions to stop doing:

- Stop being overwhelmed. This can be done by planning around other classes and getting that work done early so we can focus on this application.
- Stop trying to plan out everything early.

Actions to start doing:

- Organizing our time wisely. Spend at least 20 minutes on a feature and if it goes nowhere ask for help.
- Focus on small tasks, try to get implementation done in small steps.

Actions to keep doing:

- Keeping good communication
- Showing up to tri-weekly scrum meetings

Work completed/not completed:

Completed Stories:

- I am a user and I want to see all spots that are available so I can see where I can rent from.
- I am a Spot Owner and I want to post my parking spot so other people can rent it.
- I am a user and I want to use a map to view spots so I can
- I am a user and I want to search locations within a map so that I can see spots near my destination.
- I am a spot owner and I want to schedule times for when my spot is available so people know when they can park in my spot

Partially Completed:

Not Completed Stories:

- I am a Spot Renter and I want to find spots based on filtered times that I want to park at

- I am a spot owner and I want to edit spots that I have posted so that I can change the details of the spot.

Work completion rate:
Total stories completed: 14
Total number of estimated ideal work hour: 37 hours
Total days: 14 days
User stories per day: 1
Ideal work hours per day: 2.64 hours
Average user stories per day: 0.57
Average ideal work hours per day: 3.12
